# SEMINAR HOTEL SPRINGER - SCHLOESSEL

The legendary Springer Schlössl lies in the middle of Vienna, embedded in a beautiful park. The traditional property is located in the immediate vicinity of Schönbrunn and is only a few underground stops away from the city centre. In 2015, the hotel building was completely renovated and now shines as a modern extension with hotel rooms, restaurant and bar.

Seminar Hotel Springer Schlössl has nine differently sized, modern equipped seminar rooms - all with natural daylight. Our conference and seminar rooms are located in the protected historic monument Springer Schlössl, a jewel in the style of Vienna's Ringstrasse architecture, as well as in House 2, a building in half-timbered style.

This offer is rounded off by the beautiful terrace and the extensive park, which offer perfect conditions for your group work in the warm season. Our professional conference support team guarantees a successful event that you will remember for a long time to come.
